Mini Service Kits for sale

| eBay

The MINI Cooper has three types of service, with the most regular--an oil change--needing to be completed after every

10,000 miles or 12 months. The other two service types, referred to as Inspection 1 (minor service) and Inspection 2 (major service) each need to be completed approximately half as often.

I would guess in practice it

might be ok to use but probably not at the extended service intervals that are quite normal on Mini's....if you use the cheaper oil it would be sensible to keep to a more old style oil/filter change of at least every 12,000 miles or preferably less.
