The history of the Jews in Europe spans a period of over two thousand years. Some Jews, a Judaeen Israelite tribe from the Levant, migrated to Europe just before the rise of the Roman Empire.A notable early event in the history of the Jews in the Roman Empire was Pompey's conquest of the East beginning in 63 BCE, although Alexandrian Jews had migrated to Rome before this event.

Traces Of The Jews In

More progressive citizenship laws in certain regions gave Jews access to the economic mainstream (at the expense of their cultural isolation). Young, well-educated Jews settled in Western capitals and made an impact in business, the arts and science. Meanwhile, a non-religious Jewish identity arose around Zionism and the idea of a Jewish homeland.
